

## Sign-out of a graded examination

If the examination was registered via HISinOne, you can sign-out via HISinOne within the registration period. This form is only intended for

- sign-outs of examinations which were registered in written form within the registration period,
- belated sign-out of certain examinations up to one week before the first attempt.

For which examinations a belated sign-out is possible is described in the Information sheet on signing out and withdrawing from examinations in the mathematics degree programmes (German).

Belated sign-out is only possible if the application is submitted to the Examinations Office of the Institute of Mathematics (Room 333, Ernst-Zermelo-Straße 1) or sent to the Examinations Office by email by the last working day seven days prior to the examination date at the latest. Working days are Monday through Friday excluding public holidays.

Matriculation no.      First name      Last name  
           

Programme:       M.Sc. Mathematics in Data and Technology

Hereby I definitely sign-out of the graded examination in the current examination period

in the module

on the course (*if not identical to module*)

conducted by (*examiner*)

After the end of the registration period, it is no longer possible to re-register for this examination in the current examination period, but only again in the next regular registration period.
